Spring Greetings

Welcome to this edition of the Newsletter. We have lots of events coming up which we hope you will support, but both helping and competing. I would just like to remind you that as the show season starts to make sure you have adequate breakdown recovery insurance if transporting your horses by trailer or lorry, as you will find that you are not covered by standard breakdown recovery. You may even find, that your trailer is not even covered, even without a horse on board, especially if your breakdown cover is provided for free, as part of a bank account deal, or insurance etc. Buying this by the side of the road when you have broken down can be very costly, (ask Jean Bywater!). Also remember to carry your horse's passport, as if you do need to make use of professional recovery services, they will not transport your horse without your passport. The hunt season may be over, but we have our hunter trials, show jumping, pleasure ride and eventer's challenge coming up and we look forward to see you there.

Safe and successful riding.

Kind regards

Mary

RING 2

Ring 2 is now open for schooling **by club members only** and is available for use unless being set up or set up for a show or club lesson. Please use the gate to the club field by ring 2 where possible.

Members are welcome to come down and share ring 2 for schooling and may bring their instructor if they so wish. You may make use of the Show Jumpers left in ring 2. Users are advised to check the condition of the jumps, striding etc, make sure no cups are on the ground, as we cannot ensure that a previous user has left the ring in a safe manner. Please let a committee member know of any breakages, so these can be removed/replaced.

We would like to take this opportunity to remind members, that this is the only part of Warren Barn Farm available for general use by club members from Spring to Autumn.

Warren Barn Farm Cross Country Course and Sand School are not part of club membership, so please do not use this as an excuse when discover using them and Challenged!! They never have been and have never been advertised as part of membership, only the fact that members benefit from reduced rates. Please contact Warren Barn Farm direct to book these facilities. They are however available to WDHC members at a reduced rate. Contact Babs on 01883 650 244 or 07976 579991 to book and ask for WDHC members reduced rates, which I believe to be £15 instead of £20 for the xc and the sand school about £8 per horse from memory.

MOCK HUNT at KENNEL FARM – 13 February

After a brilliant Saturday, the weather didn't look too good for Sunday and so it dawned. Wet and looking to get wetter! But the thirty or so riders who turned up at our rescheduled Mock Hunt at Kennel Farm were the lucky ones, well rewarded for their fortitude.

It was pretty wet getting into Kennel Farm Field at the start, and Kelly Fry's horse Charm wasn't helping matters by dancing about like a spring lamb. By the end of the meet, Kelly was voted the most muddied rider, after coming off three times – but more of that later! Yaz Bajwa on her horse Dylan and Frankie Hackett on Robin, won the Best Turned Out. Dylan looked picture as he always does; Robin was all skin and bone when he arrived from Ireland last year, but now he's fleshed out and looked very smart, with a thick mane and tail all beautifully plaited.

We had the usual two goes round the field to get warmed up before a first flush from the flask, and I didn't see any fallers. I'd heard from someone who phoned me for directions that they were a bit put off by the pictures in the newsletter from our previous hunt at Warren Barn. But I reassured her (I hope) that none of the fallers were hurt and that it happens to all of us at some time.

At the post and rail jump as we crossed onto the council land next to Three Fields, Kelly had her first fall, but she was back on in a flash. Not so at her second when we were crossing the fields just east of Hesiers Hill. We dropped down a steep incline with a post and rail at the top, and Charm did a flying leap and Kelly ended up on the ground. No sweat, except the horse took off to the

right with Nick Fuller in hot pursuit and the two of them ended up at Fairchilds. There was a short break in the proceedings as the rest of us circled round that valley and back to the gate and then, in the far distance we saw Kelly and Nick riding towards us over the hill.

We were off again up Washpond Lane and into the fields on the left. We are really lucky we have such spectacular country to ride across. Here there's a wide valley that we can sweep through, and if you're Kelly, come flying off at another small post and rail at the bottom! I rode back with her through Warren Barn at the end of the meet and Kelly told me that Charm is still a baby. She doesn't like standing still for long and she's much better at the big hedges the Drag Hunt do, and Kelly loves her dearly.

But there was still more fun and games. A newcomer with us, Annabelle Gallaher from Kent, was riding her horse Willow. We'd crossed into Lumberdene and riding towards Cheverills before cutting back to the B 269 and onto Warren Barn. There's a big hedge on the way which turned both Louise our fox and Michaela our Huntsman at the first attempt. Nick Fuller our Field Master pressed through on one of his big team chasers not long followed by Annabelle on her small but sparky horse Willow, who can't be an inch over 15 hands. Willow took the hedge big, so big that Annabelle was still sky-bound when the horse was well on his way towards the next jump. Chris London, our new Master, made a spectacular catch at the gallop and brought the two back together with no harm done to either.

We're at Church Farm next week, which promises to be just as exciting. See you there.

Church Farm Mock Hunt, 20th February 2011 By Chris Zahner

All who were planning to attend our Church Farm Mock Hunt on Sunday, 20th February, no doubt watched the lowering skies on Saturday with a sense of trepidation and worried phone calls were exchanged. But hunting is a winter sport and, having checked carefully with the farmers who very kindly allow us run our mock hunts over their land, we were given the go ahead and in the event we had a very good turnout at the meet.

Under grey skies and some fog from time to time we met at Church Farm and enjoyed a warming stirrup cup before Nick Fuller, our Field Master for the day, talked us through the day ahead. Many congratulations to Clemm and Maddie (with apologies, I didn't hear your surnames) who both turned out in style and won the best turned out. The standard of turnout was high amongst all followers (at this point yours truly would like to thank Mike Potts for kindly showing me how to tie a stock properly). In addition to our Field Master, our Masters on the day consisted of Jean Bywater, Chris London and Mike Potts.

Our Chairman and Huntsman, Michala Blackburn, rounded up our 'hounds' for the day and set off in pursuit of our 'fox', the lightning fast Louise Squire. We set off at a trot in the direction of Marden Park and bore right over our first jump, a post and rail fence. So far so good and the

whole field appeared to manage that without difficulty. Unfortunately at the second fence one lady executed an unfortunate, if impressive, flying dismount but was quickly reunited with her horse. A large and wide fallen tree also managed to trip up one further unfortunate follower and her horse but thankfully both horse and rider got to their feet with only a few scratches on them.

The day continued with some good jumping to be had and a few stops for a bracing sip of our hipflasks. The ground was naturally quite heavy after the rainfall of the previous day, added to which at many points we kept to the headland around the ploughed fields. The heavy going no doubt had a large part to play in the further falls of a few more horses and riders, including myself. For the most part we all got up, dusted ourselves off and carried on to finish the day. Unfortunately we had to say goodnight to Janet Paterson and Staro who had a crashing fall over a fence in boggy woodland around Stubbs Copse. Whilst Staro was unhurt, Janet was stunned after the fall and taken away to hospital for a check-up. We are pleased to report that Janet appears to have been unhurt and we hope to see her again very soon indeed.

Having dropped back down the Downs from Horse Shaw to the private bridlepath road which leads to Woldingham School, we stopped for a breather and then headed up the other side of the Downs over towards Ockley Wood. After making our way through the fog over a number of good jumping lines behind Carr's Croft, we began to descend the Downs once again. Coming through the trees at the bottom of Park Shaw, our 'hounds' made some impressive music and gave chase to our 'fox', Louise, who flew over a fence at the bottom of the woods known as Rookery before turning and galloping back over a fence into a field where she was finally caught by our equally swift 'hounds'. Having enjoyed this impressive display, I was kindly waved on by one of our Masters, Chris London, who was taking care of the rear of the Field. Having jumped the last jump, I looked over my shoulder to find Chris standing on his feet beside his horse, having apparently involuntarily dismounted when his horse, Hobbs, took exception to being the last in the Field. Swiftly remounting, Chris and Hobbs went on to fly over the last fence to rousing cheers, whereupon our Huntsman blew for home and we headed back to Church Farm.

A fantastic day out and fantastic company was had by all. We would like to take this opportunity to offer our sincerest thanks for the farmers and landowners who very kindly permitted us to use their land on the day, particularly after the rainfall the day before. I'm sure I will also be joined by everyone in the Field in thanking our fox, hounds, Huntsman and Masters for a glorious chase over challenging fences and some of the best land we have the privilege of riding over. Truly, our Church Farm meet lived up to its reputation as arguably our best mock hunt of the season.

We look forward to seeing many of you for our last hurrah of the season, the Beginners Mock Hunt at Warren Barn on 27th March 2011. In the words of one of our dashing Masters, Mike Potts, kick on our team!

Mock Hunt Report 27th March 2011 By Louise Squire

We couldn't have asked for a more beautiful day for our last mock hunt of the season held at Warren barn farm. The scenery was stunning in the spring sunshine. Unfortunately our regular Hunt's Woman Michala Blackburn was not able to lead our hounds, therefore I stood in hoping to do a good a job as Michala always does! We were therefore foxless until Debbie Cunningham riding super charged Honey volunteered herself to show us youngsters how it was done!

Chris London - Photographs by Attic Photography

Our field master for the day was Jean Bywater riding Hugo who did a superb job as always. In the field we had David Wickham on the beautiful Harley and Chris London bring up the rear doing fantastic work on Hobbs ensuring all were safe and sound. Our hounds for the day were.... Geminnie Cunningham on her super star pony Smokey Joe, Robyn Kite on poppy, Annette Murphy on Frankie and our former fox Kim Deakin

on Emerald Isle. It was great to see Kim out after a long break. Unfortunately Amy Tickner on Tikka was unable to ride today and was sorely missed by all!

Louise Squire Master - Photographs by Attic Photography

Our first line took us blasting up green hill where we stopped for our first check and sup of our hipflasks. We then swung back down to the valley on towards the coffin which most attempted and cleared. Onwards and over, (for many), the drop hedge and over to the water where we gathered for a splash. No fallers here! We steamed through the valley at a fair lick. Romping along the top line and over one of our smaller hedges where many new comers and novices jumped their first hedge with great success.

We then headed back down to the valley, taking a few jumps along the way. We were led over the drop hedge by our first time fox and unfortunately our hound Annette Murphy took a nasty tumble but remounted to go on and conquer the hedge. WELDONE! We finished at the water jump where the hounds did a great job catching our fox!

Although we all had a good days hunting news of our committee member Chris Zahner having suffered a nasty accident on his way to the hunt shocked us all. We wish him and his horse a speedy recovery. Thank you to all the helpers on the ground who came to watch and support. Well-done to everyone and tally-ho till next season

Louise Squire.

MOCK HUNT – 27th March 2011 By David Wickham

It was the last Mock Hunt of the season, and I wasn't very confident of the weather. The forecast was for cloud and rain to move in from somewhere and take away the spring weather we'd all been enjoying the previous week. But, surprise, surprise, the forecasters were wrong, and the day dawned clear and stayed fine and sunny throughout, (and into the following week). But who was complaining?

A crowd of nearly 60 riders gathered at Warren Barn for the Meet, with what seemed a huge crowd of foot followers. I was supposed to be the Field Master, but Harley always misbehaves on her home ground, so I (wisely as it turned out) handed over to Jean Bywater. Chris London brought up the rear, with Louise Squires taking the horn because Michala's horse was injured while out with the Coakham Bloodhounds a couple of weeks ago. Debbie Cunningham made her first appearance as the Fox, and a very good job she did too.

Before we started off we had the two Best Turned Out prizes to award, and they both went to newcomers – Vanessa Swad on Buggie and Rebecca Barrow on Delta. And then, after the usual Parish Notices, we were off, but very gently. We walked and trotted down to the dip before the tyres, and waited there for stragglers to catch up before sprinting on over the tyres and up Green Hill for another break. Harley was beautifully behaved!

So she was down the hill, which we walked and waited at the bottom, and even along the valley. Galloping up the long hill past the Dummy Aerodrome, she was just getting into her stride. At the top she took off, and when we were approaching the hedge line in the middle of the field I thought I'd better circle to slow her down. It didn't really work. She swept into line just ahead of the field which Jean was leading reasonably and took the hedge as though it was a five bar gate and steamed on to the end. It was the same on the way back, and after that I thought I'd better take her home.

The rest of the field went on for another half hour before ending at the water for a final flourish. Annette Murphy fell when her horse tripped at the hedge on the way to the water and for a moment it looked as though the horse was going to roll onto her. But she was clear, and a moment later was back on and, led by Louise Squires, took the hedge in fine style.

Our first aider had little to do, except tend two nasty accidents, before and after the hunt. Chris Zahner was riding to the Meet down the Bridle Path by Green Hill, when one of the Green Dragons' paragliders shot up and spooked his horse. The horse careered off through the barbed wire fence, dislodging Chris and slashing great chunks out of boots and saddle, and then (finally) making for home, alone! Chris has very cut up breeches and legs. And Judy Dolan was loading her

daughter's horse into their trailer after the Meet, when the horse bolted straight in, trapping Judy's hand on the restraining bar. She looked very faint for a while, but was soon up and about, though she was supposed to hospital to have the bruised and cut hand professionally dealt with. Those incidents aside, a very good day enjoyed by all, and a fitting end to the season. We now have six months to wait for the next one!

CHARITY PLEASURE RIDE

at Warren Barn Farm

2nd May 2011

In aid of

MacMillan Nurses & Brownbread Horse Rescue

Sponsored by

Woods Estate Agents

There is even more reason this year to support this ride as 'Ride for Life' is not running this year in Kent so it's your opportunity to join us and raise money for some worthy charities and try riding in the beautiful countryside of Woldingham (which has been the home of many famous people) also we have some fantastic riding over the North Downs and beautiful 360 degree views of miles of countryside and on a good day you can see London!

We're hoping for as many of you as possible as this year's charities are Brownbread Horse Rescue based in Hailsham who support people struggling to look after their horses and take on neglected horses or those owners can't afford any more to ensure they get good homes. We are also supporting MacMillan Nurses too this year as we all know what a fantastic job they do supporting those terminally ill with palliative care and support.

If you would like to join us and your friends for a lovely relaxing ride with the opportunity to take on the odd jump or splash through the water at our water jump and have your picture taken by Visualise Photography www.ivisualise.com send in your entries now!

If you enter early non-members go for £20.00 (in advance), £15.00 for WDHC members. Late entries if accepted will be £5.00 extra. This fee includes First Aid.

Please provide your own bib, otherwise one can be provided with a £10 bib deposit. These cheques will be returned when the bib is returned at the end of ride.

British Riding Clubs BE80(T) Championships 2011

What is BE80(T)?

You will find BE80(T) classes, with a maximum cross country height of 80cms, a great introduction into the sport if you want to begin Eventing.

British Riding Clubs BE80(T) Series

BRC have been working together with British Eventing and are pleased to announce a new Championship for 2011; The BRC BE80(T) Championships. This Eventing series is especially for Grassroots BRC members and sees qualifiers throughout the BE calendar, culminating in a Championship at Brooksby Melton College on 24-25 September 2011. The series will also give BRC members a taste of BE Affiliated competitions and give them access to more competition opportunities.

How do I qualify?

IMPORTANT: All riders wishing to be eligible for this series MUST be a BRC Member by the date that the times are published for the qualifier event. If you are a new BRC member, please make sure that your Clubs' Membership Secretary sends us your membership details ASAP so that you can be added to our database before this date.

Every section of BE80, from the 1st March to the 10th September 2011, will be a qualifier for the BRC BE80 Championship (see date below).

BRC members and horses must be eligible to compete in BE80(T) classes (see BE Rule Book). BRC members can take part in the BE80 series by either becoming a BE member, or by being in possession of a BE Training Ticket. Training tickets can be purchased online from the BE website and cost just £10 for horse and rider.

To qualify for the inaugural BRC BE80 Championship, riders must be one of the two highest placed BRC members, achieving a clear round cross country in each BE80(T) section.

BRC members may take part in as many qualifying competitions as they wish, however, once qualified, any subsequent qualification will pass down the line if the combination compete in any further BE80(T) competitions.

How do I know if I have qualified?

BRC will write to the qualified riders within 14 days of the qualifying event taking place. These details will also be published on the BRC website.
